ABOUT SUITEWORKS TECH

SuiteWorks Tech is a trusted *NetSuite Solutions Provider* helping businesses streamline operations, automate workflows, and scale efficiently using 100% native NetSuite SuiteApps.

With 10+ years of experience and a team of certified NetSuite experts, we deliver industry-focused solutions that eliminate manual inefficiencies and bring intelligent automation directly into your NetSuite ERP.

We go beyond implementation—partnering with you across deployment, customization, training, and ongoing support to maximize your NetSuite investment.

Our Core NetSuite Solutions

We offer purpose-built, native NetSuite SuiteApps designed to solvereal business challenges:

Subscription Billing Solution for NetSuite

Automate recurring billing, subscriptions, and compliance-ready financial workflows.

Rental Management Software for NetSuite

Manage rental contracts, track assets, and streamline rental invoicing within NetSuite.

Field Service Management Software for NetSuite

Optimize technician scheduling, job orders, and maintenance workflows directly in NetSuite.

Project Management Solution for NetSuite

Optimize technician scheduling, job orders, and maintenance workflows directly in NetSuite.

## Delivery Route Planner SuiteApp for NetSuite

Optimize delivery routes, reduce fuel costs, and improve on-time delivery performance.

Business Card Capture SuiteApp for NetSuite

Instantly capture and sync business card details into NetSuite for faster lead management.

Loyalty Rewards Solution for NetSuite

Boost customer retention with real-time points tracking and rewards management inside NetSuite.

Consolidated Invoicing SuiteApp for NetSuite

Combine multiple transactions into a single invoice for simplified and accurate billing.
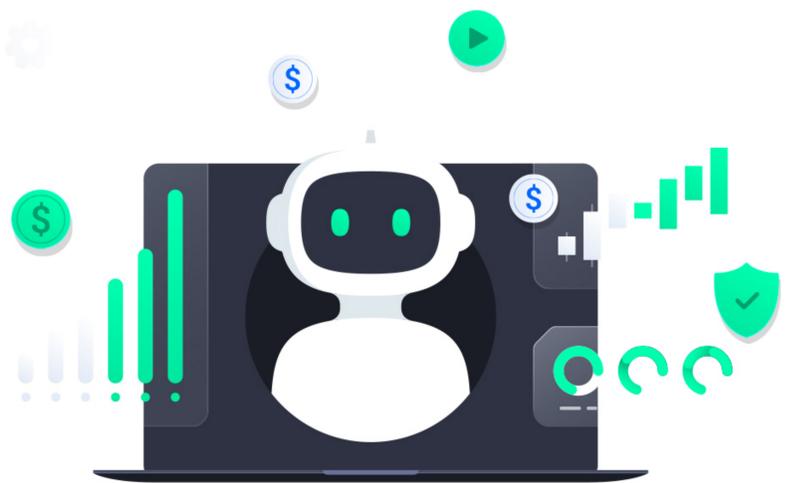

Order Management AI SuiteApp for NetSuite

Automate sales order processing, reduce manual entry, and accelerate order-to-cash cycles.

Accounting AI SuiteApp for NetSuite

AI-powered journal entry automation for finance teams—saving time and reducing errors.

eSignature Solution for NetSuite

Digitally send, sign, and store documents directly within NetSuite—eliminating manual PDFs, email follow-ups, and third-party eSignature tools.

WHY CHOOSE SUITEWORKS TECH

100% Native NetSuite SuiteApps

Built directly on NetSuite—no third-party tools, no external connectors, no extra user licenses.

Affordable Annual Subscriptions

High-impact NetSuite functionality at competitive, budget-friendly pricing.

Zero User Licensing Fees

We believe in transparent pricing. Unlike other providers, we don't charge expensive user licensing fees – Our SuiteApps run seamlessly on your existing NetSuite account without hidden user licensing costs.

Industry-Focused Solutions

Tailored SuiteApps designed for real-world operational needs across industries.
